agricultural products.....	9,562	4,427	9,434
Total supplementary.....	311,069	167,555	185,450

Office of Foreign Agricultural Relations. Compiled from official records of the Bureau of Foreign and Domestic Commerce.

1/ In the classification of agricultural imports into supplementary and complementary groups, all those similar to agricultural commodities commercially produced in the United States and all others that are interchangeable in use to any significant extent with agricultural commodities commercially produced in the United States are considered supplementary. The remaining agricultural imports are considered complementary. They consist largely (about 95 percent) of the eight following commodities: Rubber, coffee, raw silk, cacao beans, bananas, wool for carpets, tea, and spices.

2/ Corrected to May 21, 1940.

3/ Excludes barley, corn, oats and wheat for feed.

UNITED STATES: Imports of principal complementary 1/ agricultural products from Latin America for specified years.
